

## University Collaboration by Veoneer

UniC is the place to be for technology enthusiasts!

Coding sessions, practical projects, trainings – a program built around the students’ needs.

Each track consists of several classes, check them out below.

Choose the track you feel is right for you:

### **Embedded** – physical, kick-off 14<sup>th</sup> March

- Embedded C (4 weeks -> 2x2h/week)
- Microcontrollers (4 weeks -> 2h/week)
- Embedded system project based on V-Cycle (4 weeks -> 2h/week)
- Agile basic course (1 week -> 2h)

### **Web development** – online, kick-off 28<sup>th</sup> March:

- Web Development – Basic (5 weeks -> 2x2h/week)
- Web Development – Advanced (5 weeks -> 2x2h/week)
- Agile basic course (1 week -> 2h)

### **OOP** – online, kick-off 14<sup>th</sup> March:

- C++ Fundamentals (5 weeks -> 2x2h/week)
- Agile basic course (1 week -> 2h)

### **Machine learning** – online, kick-off 14<sup>th</sup> March:

- Python basic (2 weeks -> 2h/week)
- Coding Session – Data preparation for Machine Learning (2 weeks -> 1.5h/week)
- Coding Session – Intro in signal processing with machine learning (4 weeks -> 1.5h/week)
- Agile basic course (1 week -> 2h)

### **Test** – online, kick-off 25<sup>th</sup> April:

- Fundamentals of Testing (4 weeks -> 2h/week)
- Agile basic course (1 week -> 2h)

### **System Engineering** – online, kick-off 14<sup>th</sup> November:

- System engineering with a flavor of Functional Safety/Cybersecurity (4 weeks -> 2h/week)

What do you need to know to participate in the program?

#### **Timeline**

Registration	- open until the 13 <sup>th</sup> of February
Participants selection	- 14 <sup>th</sup> of February up to 6 <sup>th</sup> of March
Program duration	- 14 <sup>th</sup> of March – 17 <sup>th</sup> of June

#### **How to join?**

Click the link below to find more details or just scan the QR code on the poster:

[UniC - University Collaboration - Veoneer Romania \(teamtailor.com\)](https://teamtailor.com)

Sign up before the 13<sup>th</sup> of February.

**Build your UniC engineering skills  
with the following courses:**

- Embedded track
- Test track
- Web development track
- Machine learning track
- System Engineering track
- OOP track
- Product Demo

**Apply here!**  
Reserved only for students
